

## Consumer's Certificate of Exemption

DR-14  
R. 10/15

Issued Pursuant to Chapter 212, Florida Statutes

85-8012622268C-4	12/31/2017	12/31/2022	COUNTY GOVERNMENT
Certificate Number	Effective Date	Expiration Date	Exemption Category

This certifies that

ORANGE COUNTY SHERIFFS OFFICE  
2500 W COLONIAL DR  
ORLANDO FL 32804-8005

is exempt from the payment of Florida sales and use tax on real property rented, transient rental property rented, tangible personal property purchased or rented, or services purchased.

## Important Information for Exempt Organizations

DR-14  
R. 10/15

1. You must provide all vendors and suppliers with an exemption certificate before making tax-exempt purchases. See Rule 12A-1.038, Florida Administrative Code (F.A.C.).
2. Your *Consumer's Certificate of Exemption* is to be used solely by your organization for your organization's customary nonprofit activities.
3. Purchases made by an individual on behalf of the organization are taxable, even if the individual will be reimbursed by the organization.
4. This exemption applies only to purchases your organization makes. The sale or lease to others of tangible personal property, sleeping accommodations, or other real property is taxable. Your organization must register, and collect and remit sales and use tax on such taxable transactions. Note: Churches are exempt from this requirement except when they are the lessor of real property (Rule 12A-1.070, F.A.C.).
5. It is a criminal offense to fraudulently present this certificate to evade the payment of sales tax. Under no circumstances should this certificate be used for the personal benefit of any individual. Violators will be liable for payment of the sales tax plus a penalty of 200% of the tax, and may be subject to conviction of a third-degree felony. Any violation will require the revocation of this certificate.
6. If you have questions regarding your exemption certificate, please contact the Exemption Unit of Account Management at 800-352-3671. From the available options, select "Registration of Taxes," then "Registration Information," and finally "Exemption Certificates and Nonprofit Entities." The mailing address is PO Box 6480, Tallahassee, FL 32314-6480.

## 64GB RECONYX CERTIFIED SDHC MEMORY CARD

64 Gigabyte Ultra Class 10 Reconyx Certified SD High Capacity Memory Card for use in all HyperFire 1, HyperFire 2 and UltraFire series cameras. Will hold approximately 160,000 HyperFire 2 images.

NOTE: Will not work with MicroFire Series Cameras as they require Micro SD Memory Cards.

## HL2X HYPERFIRE 2 LICENSE PLATE CAPTURE CAMERA

Due to their reflective nature, license plates have always been very difficult to photo capture, especially at night. Our HyperFire 2 HL2X camera reliably documents license plates on vehicles traveling as fast as 50 miles per hour (80 km/h) day or night.

Color images by day and No Glow covert Infrared images by night. 0.10 Second Trigger Speed coupled with the best Motion Sensing available means that you won't miss a thing! Our new NoGlow™ GEN3 High Output Infrared night vision reaches out to 50 feet (15 m)! Our new Image Sensor provides High Definition images and videos. The night time images are crisp and clear with no graininess or blurring, while the day time photos are rich in color and clarity. All this, at a lower price point than we have ever offered before!

Security Series Cameras are equipped with additional features such as Loop Recording (over-riding beginning images so the camera will continue to record once the memory card is filled) and Advanced Multi-Scheduling (programming the camera to only operate during set hours of the day and different days of the week).

### HYPERFIRE 2 EXTERNAL POWER JACK & CABLE

External Power Jack and Cable option for HyperFire 2 d Security series cameras only. Must be ordered with the camera at the point of sale. This item requires customization of your camera and may delay shipment of your order by up to one week. Camera will require a 12V DC power supply that can supply at least 4 amps of current. This option is only available for Professional Research and LE/Surveillance series cameras. It is not available on Wildlife Scouting Cameras.

This is a custom option that can only be purchased with a new camera. Please contact our Technical Support department if you wish to retrofit an existing Professional or LE/Surveillance series camera.

### HYPERFIRE SERIES CABLE BOX

The HyperFire Cable Box is the perfect way to conceal and protect your HyperFire 1 Security Series cameras (SM750, SC950) along roadsides and streets. Also works with HyperFire 2 and UltraFire Security Series Cameras. Made from the same enclosure that utility companies use, this cable box will hide your camera and help protect it from theft. Includes a keyed lock.

Product Dimensions:  
Height - 19 1/2"  
Diameter - 7 1/2"  
Stack Length - 12"

This is NOT compatible with the HyperFire 2 Cellular Cameras. We will have updated cable box for the cellular cameras in August.

This product is currently on backorder. Expected Mid-July.
